

Postal Rate Commission

§ 3001.56

(iii) Summaries of sample data, allocation factors and other data used for the various submissions;

(iv) The expansion ratios used (where applicable); and

(v) The results of any special studies used to modify, expand, project, or audit routinely collected data.

(3) Workpapers shall be neat and legible and shall indicate how they relate to the data and submissions supplied in response to paragraphs (b) through (n) of this section.

(4) Workpapers shall include citations sufficient to enable a reviewer to trace any number used but not derived in the associated testimony back to published documents or, if not obtained from published documents, to primary data sources. Citations shall be sufficiently detailed to enable a reviewer to identify and locate the specific data used, e.g., by reference to document, page, line, column, etc. With the exception of workpapers that follow a standardized and repetitive format, the required citations themselves, or a cross-reference to a specific page, line, and column of a table of citations, shall appear on each page of each workpaper. Workpapers that follow a standardized and repetitive format shall include the citations described in this paragraph for a sufficient number of representative examples to enable a reviewer to trace numbers directly or by analogy.

(p) *Certification by officials.* (1) Every formal request shall include one or more certifications stating that the cost statements and supporting data submitted as a part of the formal request, as well as the accompanying workpapers, which purport to reflect the books of the Postal Service, accurately set forth the results shown by such books.

(2) The certificates required by paragraph (p)(1) of this section shall be signed by one or more representatives of the Postal Service authorized to make such certification. The signature of the official signing the document constitutes a representation that the official has read the document and that, to the best of his/her knowledge, information and belief, every statement contained in the instrument is proper.

(q) *Opinion of independent public accountant.* Every formal request shall include an opinion from an independent public accountant to the extent and as required by 39 U.S.C. 2008(e).

(r) *Special waiver provision for minor rate cases.* The Commission may, upon the filing of a proper motion by the Postal Service, together with a showing of good cause therefor, waive certain of the filing requirements of paragraphs (b) through (q) of this section if in the Commission's judgment it has been demonstrated that the proposed change in a rate or rates of postage and a fee or fees for postal service does not significantly change the then effective rates and fees or alter the cost-revenue relationships of the various classes and types of postal services.

(s) *Rejection of requests.* The Commission may reject any request under this subpart that patently fails to substantially comply with any requirements of this subpart.
